## Fathers' Day

We trust everybody had a wonderful Fathers' Day weekend. What beautiful weather we were blessed with. I hope you liked the beautiful gifts that your children crafted as much as they enjoyed creating them for you.

On a practical note, I need families to be mindful that these are not toys and small children should not play with them. The magnet on the back is attached using strong PVA glue; however we do not want small children to choke on any small parts. Please ensure that this message is passed on to all family members.

## Winter/Summer Uniforms

The weather is warming up but it is still very unpredictable. The students will start feel the heat in their full winter uniform but I wish to maintain the winter uniform until the end of term and will change over to the summer uniform from the first day back next term. The boys may, however, wear short sleeved shirts and the girls, socks in place of the leggings. I have a feeling that we will still have some cold days before the end of term.

## Swimming Lessons

Remember that money and notes for our school's swimming lessons are due. The note is available as an e-form on the Skoolbag app.

The swimming classes start from the first Friday of Term 4, 9<sup>th</sup> October. It is expected that all children will attend.

Use every chance you have between now and the start of Term 4 for your child to practise independence in changing into and out of swimmers and clothes. Also, help them to practise keeping all of their things together when changing, and packing everything up to come back to school – swimmers, towels, caps and goggles all go into their plastic bag. **Please to be sure to label clearly ALL of your child's clothing with their name.**
